

Alloy Solid Tine - .750MT x 5.500L x .3125OD R201414

Details

Alloy Solid Tines aerate without the work of cleaning up the mess of cores and debris left behind with conventional core aerating. R&R Solid Tines are manufactured from a special high-carbon steel bar and heat treated to RC45-48 in our own heat treatment facility. They are available in all standard sizes but are especially popular in the smaller diameters for aerating in the summer months to relieve the stress on greens by allowing water, air and nutrients to easily flow into the root zone. With the combination of small holes and no cores, play can be resumed immediately.

Replaces

R&R Products	R108-9205
Toro	108-9205

Specifications

Manufacturer	R&R Products
A - Tine Type	Alloy Solid
B - Tine Mounting Dia.	.750 in (19mm)
C - Tine Length	5.500 in (140mm)
D - Tine Tip Outside (Hole) Dia.	.3125 in (7.9mm)

Fits Models

- Ryan GA30
- Toro Fairway Aerator
- Toro ProCore 1298
- Toro ProCore 440
- Toro ProCore 648
- Toro ProCore 660
- Toro ProCore 864
- Toro ProCore 880
