

Feit LED Flashlight - 1000 Lumen

RET72385

Details

This long-lasting, ultra-bright LED tactical flashlight features two brightness levels, 1000 or 260 lumens, providing a run time up to 11 hours on high lumen and up to 49 hours on low lumen setting. The light range delivers up to 387 yards or 354 meters on high. Zoom in on objects using the 1000 lumens by simply pushing the head out, then for a wider, normal range, pull the head back. Both provide an ultra-bright light. Water and impact resistant.

Features a tactical strike bezel to break glass during an emergency. Weather resistant in rain and snow and can survive if temporarily submerged under water or a 1-meter drop. The head is designed with a scalloped edge allowing light to show down and outward if set head-down on a flat surface.

Constructed of aircraft grade aluminum alloy with rust and corrosion preventative coating. Includes wrist strap. Uses 3 C batteries, not included.

Please note: This product is considered either bulky or otherwise restricted from shipment by air, and will only be shipped ground freight.

- Two brightness in One Flashlight - High 1000 Lumens, Low 260 Lumens
- Beam Range High Beam - 350 m
- Sliding Zoom Focus
- Run Time High Beam - 11 Hours. Run Time Low Beam - 49 Hours
